Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the Corporation of North Algona Wilberforce Township (the "Township") are the responsibility of the Township's management and have been prepared in compliance with legislation, and in accordance with Canadian Public Sector Accounting Standards. A summary of the significant accounting policies is contained in Note 1 to the consolidated financial statements. The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Township's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Council meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by MacKillican & Associates, independent external auditors appointed by the Township. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the Township's consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Council,
Inhabitants and Ratepayers of the
Corporation of North Algona Wilberforce Township.

Opinion

We have audited the consolidated financial statements of North Algona Wilberforce Township (the Township), which comprise the consolidated statement of financial position as at 31 December 2019, and the consolidated statement of operations and accumulated surplus, consolidated statement of changes in net financial assets and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Township as at 31 December 2019, and its financial performance and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards (PSAB).

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Township in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PSAB, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Township's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Township or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Township's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is located at MacKillican's website at: http://mackillicans.com/PDF/Auditors_Responsibilities.pdf. This description forms part of our auditor's report.

North Algona Wilberforce Township
Notes to the Consolidated Financial Statements
For the year ended 31 December 2019

1. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the Corporation of North Algona Wilberforce Township are the representation of management prepared in accordance with generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada.

The focus of PSAB financial statements is on the financial position of the Township and changes thereto. The Consolidated Statement of Financial Position reports financial assets and liabilities. Financial assets are available to provide resources to discharge existing liabilities or finance future operations. Municipal position represents the financial position of the Township and is the difference between financial assets and liabilities. This information explains the Township's overall future revenue requirements and its ability to finance activities and meet its obligations.

(a) Reporting Entity

- (i) The consolidated financial statements reflect financial assets, liabilities, operating revenue and expenses, reserves, reserve funds, and changes in investment in tangible capital assets of the Township. The reporting entity is comprised of all organizations, committees and local boards accountable for the administration of their financial affairs and resources to the Township and which are owned or controlled by the Township. Interdepartmental and organizational transactions and balances between these organizations are eliminated.

In addition the Township is a member of a joint local board. These financial statements include, based on the Township's share of total municipal contributions, the Township's proportionate share of the assets, liabilities, revenues and expenditures of the following joint board:

	% share
Ottawa Valley Waste Management Board	8.16

(ii) Accounting for County and School Board Transactions

The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the county and school boards are not reflected in the municipal fund balances of these financial statements.

(b) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues in the period in which transactions or events occurred that gave rise to the revenue; expenses are recognized in the period goods or services are acquired and a liability is incurred or transfers are due.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

North Algona Wilberforce Township
Notes to the Consolidated Financial Statements
For the year ended 31 December 2019

(c) Non-financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year, and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the change in net financial assets for the year.

(d) Tangible Capital Assets

(i) Tangible capital assets (TCAs) are recorded at cost, which include all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Where the cost was not readily determinable, the assets were valued at their current fair market value and then discounted back to their in-service date using the Non-Residential Building Construction Price Index (NRBCPI) for infrastructure and using the Consumer Price Index (CPI) for all other assets. Land for road segments is valued at \$ 1.00 per segment. All other land is valued at cost. Where cost was not readily determinable, the land was given a value of \$ 1.00 per segment. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Buildings	15 - 40 years
Machinery and equipment	5 - 15 years
Vehicles	5 - 20 years
Linear assets	10 - 40 years

Amortization is calculated commencing the first month of the year following acquisition using the above rates. In the year of disposal, a full year of amortization will be charged against the asset. Capital work in progress is not amortized until it is put into service.

The Township has a capitalization threshold of \$ 5,000, so that individual TCAs of lesser value are expensed, unless they are pooled because, collectively, they have significant value, or for operational reasons.

(ii) Contribution of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt, and that fair value is also recorded as revenue. Similarly, transfers of assets to third parties are recorded as an expenditure equal to the net book value of the assets as of the date of transfer.

(e) Investment Income

Investment income earned on current funds (other than obligatory reserve funds) is reported as revenue in the period earned. Investment income earned on externally restricted funds is added to the fund balance and forms part of the respective deferred revenue balance.

(f) Government Transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or are the result of a direct financial return.

Government transfers are recognized in the financial statements in the period in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amounts can be made.

North Algona Wilberforce Township
Notes to the Consolidated Financial Statements
For the year ended 31 December 2019

(g) Deferred Revenue

Certain amounts are received pursuant to regulations or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year the related expenditures are incurred or services performed.

(h) Deferred Revenue - Obligatory Reserve Funds

The Township receives restricted contributions under the authority of provincial and federal legislation and Township by-laws. These funds by their nature are restricted in their use and, until applied to applicable costs, are recorded as deferred revenue. Amounts applied to qualifying expenditures are recorded as revenue in the fiscal period they are expended.

(i) Use of Estimates

The preparation of financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the year. Actual results could differ from these estimates. Significant estimates include the allowance for doubtful taxes, landfill closure and post closure costs and the useful life and recoverable amounts of tangible capital assets.

(j) Cash and Cash Equivalents

Cash and cash equivalents are comprised of cash on hand and in bank and investments due no greater than three months from the date of acquisition or that are cashable on demand.

(k) Revenue Recognition

Taxation revenue consists of non-exchange transactions. It is recognized in the period to which the assessment relates and reasonable estimates of amounts can be made. Annual revenue also includes adjustments related to reassessments or appeals related to prior years. Fees and user charges relate to licensing fees, fees for use of various programming and fees imposed based on specific activities. Revenue is recognized when the activity is performed or when the services are rendered.

(l) Inventories

Inventories held for consumption are recorded at the lower of cost or replacement cost.

(m) Landfill Site Closure and Post Closure Costs

The Township accrues landfill site closure and post closure care requirements that have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a 25 year period using the best information available to management.

2. FINANCIAL INSTRUMENTS

Financial instruments include cash and cash equivalents, accounts receivable, investments, accounts payable and accrued liabilities, lien note and net long term liabilities. Unless otherwise noted, it is management's opinion that the Municipality is not exposed to significant interest, currency or credit risks arising from these financial instruments.

The carrying amounts reported on the statement of financial position for cash and cash equivalents, accounts receivable, investments, accounts payable and accrued liabilities, lien note and net long term liabilities, approximates their fair values, except for investments as described in Note 13.

North Algona Wilberforce Township
Notes to the Consolidated Financial Statements
For the year ended 31 December 2019

3. AMOUNTS TO BE RECOVERED

Amounts to be recovered represent the requirement of the Township to raise funds in subsequent periods to finance unfunded liabilities, comprised of the landfill closure and post closure liabilities.

4. OPERATIONS OF SCHOOL BOARDS AND COUNTY OF RENFREW

Requisitions were made by the School Boards and County of Renfrew requiring the Township to collect property taxes and payments in lieu of property taxes on their behalf. The amounts collected and remitted are as follows:

	<u>School Boards</u>	<u>County</u>
Property taxes	\$ 866,914	\$ 1,690,706
Payments in lieu	<u>71</u>	<u>15,653</u>
	<u>\$ 866,985</u>	<u>\$ 1,706,359</u>

5. DEFERRED REVENUE - OBLIGATORY RESERVE FUNDS

A requirement of the public sector accounting principles of the Chartered Professional Accountants of Canada is that obligatory reserve funds be reported as deferred revenue. This requirement is in place because federal, provincial and municipal legislation restricts how these funds may be used. The balances in the obligatory reserve funds of the Township are summarized below:

- (a) The balance of deferred revenue - obligatory reserve funds on the "Consolidated Statement of Financial Position" at the end of the year is comprised of the following externally restricted reserve funds:

	<u>2019</u>	<u>2018</u>
Gasoline Tax - Federal	\$ <u>-</u>	\$ <u>167,227</u>

- (b) Transactions during the year in the deferred revenue - obligatory reserve funds are as follows:

	<u>2019</u>	<u>2018</u>
Balance at the beginning of the year	\$ 167,227	\$ 75,310
Gas tax revenue received	181,642	91,509
Interest earned	1,065	408
Used to purchase tangible capital assets	<u>(349,934)</u>	<u></u>
Balance at the end of the year	<u>\$ -</u>	<u>\$ 167,227</u>

- (c) Other Deferred Revenue:

	<u>2019</u>	<u>2018</u>
Accessibility Fund	\$ 22,376	\$ 20,281
Ontario Cannabis Legalization Implementation Fund	15,000	
Ontario's Main Street Revitalization Initiative	26,774	40,224
OCIF	<u>241,173</u>	<u>131,048</u>
	<u>\$ 305,323</u>	<u>\$ 191,553</u>

6. LANDFILL CLOSURE AND POST CLOSURE LIABILITY

The Ottawa Valley Waste Management Board assumed control of a landfill site and also assumed liability for its closure and post closure care. These financial statements recognize a liability for closure and post closure care to the extent that the site has been used to date. The Township has also recognized a liability for the post closure care for another landfill site.

North Algona Wilberforce Township
Notes to the Consolidated Financial Statements
For the year ended 31 December 2019

6. LANDFILL CLOSURE AND POST CLOSURE LIABILITY (Continued)

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post closure care of solid waste landfill sites. This requirement is to be provided for over the estimated remaining life of the landfill site based on usage.

Landfill closure and post closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. Some closure costs are incurred on an ongoing basis and are included in the yearly fiscal operating budget. All remaining expected closure and post closure costs have been discounted at 5.23% which is the Board's average long term borrowing rate, net of estimated inflation of 2%. The Board has designated the investment of \$ 208,469 for settling closure and post closure liabilities.

The reported liability is based on estimates and assumptions with respect to events extending over the useful life and estimated post closure care period using the best information available to management. Future events may result in significant changes to the estimated total expenditures, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

Landfill sites' estimated remaining capacity in cubic metres	568,500
Landfill sites' remaining useful life in years	15
Expected years of post closure care	82

7. CONTINGENT LIABILITIES

The nature of municipal activities is such that there may be litigation pending or in prospect at any time. The Township is not aware of any claims or possible claims as at 31 December 2019.

8. BUDGET FIGURES

The operating budget approved by the North Algona Wilberforce Township for 2019 is reflected on the Consolidated Statement of Operations and Accumulated Surplus. The budget established for capital investment in tangible capital assets is on a project-oriented basis, the costs of which may be carried out over one or more years and, therefore, may not be comparable with current year's actual expenditure amounts. As well, the Township does not budget activity within reserves and reserve funds, with the exception being those transactions which affect either operations or capital investments. Budget figures have been reclassified for the purpose of these financial statements to comply with PSAB reporting requirements. Both the consolidated statement of operations and accumulated surplus and changes in net financial assets include budgeted amounts which are unaudited.

9. TANGIBLE CAPITAL ASSETS

The Schedule of Tangible Capital Assets provides information on the tangible capital assets of the Township by major asset class and by function, as well as for accumulated amortization of the assets controlled. The reader should be aware of the following information relating to tangible capital assets:

North Algona Wilberforce Township
Notes to the Consolidated Financial Statements
For the year ended 31 December 2019

9. TANGIBLE CAPITAL ASSETS (Continued)

(i) Contributed Tangible Capital Assets

The Township records all tangible capital assets contributed by an external party at fair value on the earlier of the date received or of the transfer of risk and responsibility. Typical examples are roadways, water and sewer lines installed by a developer as part of a subdivision agreement. There were no such transfers in 2019 (Nil in 2018).

(ii) Tangible Capital Assets Recognized at Nominal Value

Certain assets have been assigned a nominal value of one dollar, because of the difficulty of determining a tenable valuation. The most significant such assets are the Township's road allowances. The 2019 road network had segments, each of which has been assigned a value of one dollar for the road allowance itself.

10. EQUITY IN TANGIBLE CAPITAL ASSETS

	<u>2019</u>	<u>2018</u>
Tangible capital assets - net	\$ 18,695,472	\$ 19,142,142
Net long term liabilities (Note 12)	(121,077)	(170,371)
Lien note (Note 12)	<u>(19,436)</u>	<u>(58,304)</u>
Equity in tangible capital assets	<u>\$ 18,554,959</u>	<u>\$ 18,913,467</u>

11. JOINT LOCAL BOARDS

Ottawa Valley Waste Management Board:

The Ottawa Valley Waste Management Board is a joint local board which was formed to direct the operation of the Ottawa Valley Waste Recovery Centre.

The Township's proportionate share of the contributions to the Board is 8.16% (2018 - 8.15%). The Township had the following transactions with the Board:

	<u>2019</u>	<u>2018</u>
Tipping fees	\$ 52,008	\$ 40,807
Hauling fees	<u>26,100</u>	<u>22,640</u>
	<u>\$ 78,108</u>	<u>\$ 63,447</u>

Further, the Township made the following debt payments on behalf of the Board:

	<u>2019</u>	<u>2018</u>
Long term debt interest	\$ 10,404	\$ 13,819

17. PENSION CONTRIBUTIONS

The Municipality makes contributions to the Ontario Municipal Employees Retirement System (OMERS), a multi-employer pension plan. The plan provides defined pension benefits to employees based on their length of service and rates of pay. During the year ended 31 December 2019, the Municipality contributed \$ 51,380 to the plan and is included as an expense in the consolidated statement of operations. The Township does not recognize in its consolidated financial statements any share of the pension plan deficit as this is a joint responsibility of all Ontario municipalities and their employees. The pension plan surplus for 2019 is \$ 1,531,000,000 (deficit for 2018 - \$ (2,790,000,000) based on the fair market value of the plan's assets.

18. SUBSEQUENT EVENTS

Subsequent to year-end, the government of Ontario enacted a declaration of emergency to help contain the spread of the COVID-19 virus and to protect the public. As a result, all non-essential businesses are required to close. The impact of this action and the virus on the Township's future operations are currently unknown but could be material.
