Mayors address April 7, 2020

I want to start by thanking everyone who is working to flatten the curve and slow the spread of this most devastating virus, Covid-19. Our residents who are staying home, our essential workers who are going to work every day, our staff who are working their best to continue services, all the County staff, provincial and federal departments or ministries that are providing us with constant updates and of course we are grateful for the ongoing support from the premier and the prime minister. Together we will get through this and we'll be able to gather again.

Please check our website, and our Facebook site for updates on a regular basis. Staff is working on a newsletter for residents without computers to ensure they are getting current information. This is very challenging as the information changes daily.

The spring melt is going well and other than some small issues with water over a few roads at this time we do not anticipate any widespread flooding or higher than normal spring water levels.

Lastly, on behalf of Council and staff I would like to announce that our Clerk Marilyn Casselman will be retiring after more than 22 years in municipal government. We thank Marilyn for her service over the years she has been with our township and wish her the very best in her retirement. When conditions permit, we will be inviting Marilyn to the Township for a personal retirement presentation as we join in celebration recognizing her many years in municipal government. Good Luck Marilyn!
